## ST GEORGE'S CHAPEL ARCHIVES & CHAPTER LIBRARY

### IMAGE SUPPLY AND LICENSING: TERMS AND CONDITIONS

#### **Format**

St George's Chapel Archives and Chapter Library aims, where possible, to supply images of documents, photographs and books held in its collections, in one or more of the following formats: digital image, print-out, photocopy or photographic print. Customers must complete an order form specifying the required format.

Where documents cannot be scanned, photocopied or photographed in house, staff may arrange for photography to be undertaken by a professional photographer at the customer's expense (prices subject to professional photographer's fees).

Digital photography for research purposes may be undertaken by researchers consulting documents in the search room on purchasing a digital photography permit.

#### **Resolution**

Digital images are generally supplied at 300 dpi. New photography may have to be undertaken by a professional photographer at the customer's expense if higher resolution images are required.

#### **Delivery**

Digital images will be delivered by email. Hard copy prints or images on disc can be provided and may be sent by post or collected in person; the customer is expected to cover the cost of materials and postage.

#### **Charges and usage**

Charges are set to reflect costs incurred by the Archives and Chapter Library in processing and administering photographic orders and in line with charges set by similar private archive repositories. Current charges were set in 2019 and will be reviewed in 2024.

We cannot supply an image or issue a licence to reproduce it unless we have full details of your intended use. Images supplied for research and private use will be subject to charges payable in advance. They must not be reproduced for broadcast, publication or commercial use without prior permission from the Dean and Canons of Windsor and payment of licence fees.

Images supplied for broadcast, publication or commercial use will incur licence fees in addition to the standard image supply charges. Permission to reproduce must be obtained from the Dean and Canons of Windsor via the St George's Chapel Archives and Chapter Library and licence fees paid prior to broadcast or publication. A fee is payable each time the item is reproduced.

#### **Copyright**

Unless you are advised otherwise, all images are ©The Dean and Canons of Windsor and are only reproduced by their permission. Where the Dean and Canons hold joint copyright for an image additional charges may apply. If the declaration is false regarding the copyright in a material supplied to me by St George's Chapel Archives, you will be liable for infringement of copyright as if you had made the copy yourself.
